

Fremont County Solid Waste Disposal District
Rural Transfer Station Operational Change Notice
May 29, 2019

Fremont County Solid Waste Disposal District (District) Board of Directors adopted the following changes for the operations of the rural transfers stations within Fremont County at the May 2019 Board meeting. These changes will go into effect July 1, 2019. The District has been in review of the operations of these sites for over two years, including hosting two meetings in each community effected.

1. Rates – altering the rate system to a volume-based rate structure:
 - a. District Operated Sites: \$10 minimum fee and \$10 per cubic yard disposal fee.
 - b. Volunteer Operated Sites: \$5 minimum fee and \$5 per cubic yard disposal fee.
2. Schedules – offer all communities 2-days per month, with 4-hours of availability each open event for sites operated by the District.
3. Recycling – removal of the recycling discount/credit, but maintain the availability during open events if the sites are operated by the District.
4. Acceptable Waste Volumes – allow up to 4-cubic yards of waste per customer group per open event, or per week, whichever is less frequent.
5. Operational Schedule – the communities that will continue to be served with District operated sites asked to have the days offered through the month rotate between Friday and Saturday to allow residents of the area to have different operations for access.
