

## **Public Announcement**

With a continuation of COVID-19 health and safety concerns the Fremont County Solid Waste Disposal District has decided to postpone the annual Household Hazardous Waste and Chemical Waste Cleanup Event until next calendar year. These events take a significant amount of volunteerism and general close-contact work efforts. We hope that everyone has the ability to hold onto their materials until late spring early summer when the event will be hosted again. The event will be advertised and communicated to the county well ahead of the event. Please feel free to contact us here at the office with any questions or concerns at (307) 332-7040.
