#### 3. BUSINESS ITEMS:

a. Active Project Updates and Pay Application Review – Burns and McDonnell (Discussion and Formal Action)

i. Dubois Scale Facility: project update

The project is complete and Burns and McDonnell are currently preparing As-recorded Drawing Set for District.

ii. Sand Draw Scale Facility: project update

Pre-construction meeting scheduled for Thursday. Construction will begin when weather permits.

iii. Lander Scale Facility: Project Update & pay application #8 \$41,064.30

Construction will be completed by June 2024. Transition to the new scalehouse is being coordinated. Matt Evans (Burns and McDonnell) recommended payment of pay application #8

coordinated. <u>Matt Evans</u> (Burns and McDonnell) recommended payment of pay application #8 which covers the period of time from January 1, 2024, through February 29, 2024.

<u>KYLE LARSON</u> made a motion to approve pay application #8 in the amount of \$41,064.30. <u>BOB TOWNSEND</u> seconded the motion. **MOTION CARRIED** 

iv. Lander Transfer Station: project update, pay application #9 \$63,000.00, & pay application #10 \$69,983.30

<u>Matt Evan</u> (Burns and McDonnell) recommended payment for pay application #9 which covers the work completed during the period of January 1, 2024, through February 29, 2024. Also recommended for payment was pay application #10 which covers work associated with Change Order #1 – Latent Concrete.

<u>BOB TOWNSEND</u> made a motion to approve pay application #9 in the amount of \$63,000 and pay application #10 in the amount of \$69,983.30. <u>ROD HAPER</u> seconded the motion. **MOTION CARRIED** 

v. Change order #2: Extra Soil Borrow – Lander Transfer Station (Discussion & Formal Action)

Areas of discussion: Concrete remediation stockpile replenishment (2,127 Cu. Yds.), greater than expected losses (3,203 Cu. Yds) and total extra borrow soil to complete project (5,330 Cu. Yds.)

Will survey before and after to calculate actual amount based upon surveyed numbers. <u>ROB DOLCATER</u> was concerned about the cost of moving soil. AEI presented a price of \$18.24 per cubic yard. He thought \$7 per cubic yard was a more reasonable number. The Board directed <u>Matt Evans</u> to see if AEI would review their rates and provide a more reasonable cost estimate.

<u>VICE-CHAIR DOLCATER</u> made a motion to accept the pending change order #2 **ONLY IF** AEI would change their unit price from \$18.24 to \$7 per cubic yard. <u>KYLE LARSON</u> seconded the motion. *MOTION CARRIED*.

b. Fireworks: (Discussion & Formal Action)

The District has received authorization from the DEQ to host the fireworks at the landfill. <a href="CHAIRMAN">CHAIRMAN</a>
<a href="MOXLEY">MOXLEY</a> visited with the dog grooming and boarding facilities. Both reported concern with negative financial impacts if the event were hosted at the Lander Landfill. <a href="Rick Sollars">Rick Sollars</a> (Western Law) was concerned about the insurance being inadequate if a fire lead to destruction of a home or busienss. The Fireworks' Committee was also looking into land south of the WLRC. It was felt that the Fireworks' Committee still had some work to do on their end before a final decision could be made.

<u>VICE-CHAIR DOLCATER</u> made a motion to table the final decision until the District receives more information. <u>JOHN</u> LARSEN seconded the motion. **MOTION CARRIED.** 

c. Executive Director Update: (Discussion)

<u>CHAIRMAN MOXLEY</u> provided a District-wide tour to candidate Will Marks the first part of March. The District provided a written offer for the position based on prior discussion, but he declined. Recruiting efforts have continued. <u>Rick Sollars</u> (Western Law) suggested the Board consider splitting the position into

two positions, one with administrative duties as provided by Camille now, and the other a field supervisor. <u>CHAIRMAN MOXLEY</u> confirmed that is the current model, working to identify someone suitable for field supervision.

#### d. Commission Work Session: (Discussion)

Mike Jones suggested May 21, 2024, at 4p.m. The County Commissioners' budget hearing with the District and a work session to follow (can only have a maximum of 3 Board Members present).

#### e. Board Member Recruitment: (Discussion)

<u>CHAIRMAN MOXLEY</u> encouraged Board members to work at identifying Board member candidates since the Board remains two members short. <u>Mike Jones</u> (County Liaison) stated that the commissioners would like to identify a Board candidate to represent the WRIR perspective.

#### 4. **NEW BUSINESS**

#### a. E-waste (Discussion)

CHAIRMAN MOXLEY reported concern of commercial volumes of e-waste being delivered and managed by the District. Costs for these volumes impacts the annual budget and should be reconsidered. A modification to the FCSWDD Rules and Regulations definition of the fee waiver for e-waste could remove businesses, schools, and all commercial generators from a free disposal option. Originally, the Board removed the fees to keep all e-waste out of the landfills. A Draft Rule Change along with a proposed rate schedule will be developed and brought to the next Board meeting. A 40-day advertisement will need to follow.

#### b. Waste Tire Fees (Discussion)

VICE-CHAIR DOLCATER suggested QR codes to provide residents of the District with disposal fees.

#### 5. **CLOSING ITEMS:**

- a. Upcoming Meetings:
  - i. The next regularly scheduled meeting: May 20, 2024, at 9:30am.
- b. Call for Adjournment.

<u>VICE-CHAIR DOLCATER</u> made a motion to adjourn the meeting at 11:25am. <u>ROD HAPER</u> seconded the motion. **MOTION CARRIED**

Subject:

Progress Report – April 2024

The following provides an update on work completed by Burns & McDonnell since the last Progress Report.

#### Lander Transfer Station Project

Alexander Construction (Alexander) has now resumed construction activities since start of the winter shutdown on November 22, 2023. Preparation for foundation work for the building is currently underway. Alexander's concrete subcontractor is completing the foundation wall pours. Based on progress to date and projected future activities, Alexander appears to be on track to complete the project on schedule.

Change Order #1 for concrete remediation activities completed in 2023 was presented at the March Board meeting and approved for payment. Change Order #2 for activities associated with extra soil borrow to be completed in 2024 was also presented at the March Board meeting. Discussions with Alexander regarding this change order continue.

Construction meetings will resume back from a monthly to a bi-weekly basis now that the winter shutdown period has ended. Agenda items of the meetings include safety, schedule, submittal/RFI log review, coordination items, and other business that may be affecting the project.

#### Lander Scalehouse Project

Alexander is currently completing the grading and basecourse placement for the scalehouse. Asphalt will be placed as soon as the plant opens up for the construction season (anticipated to be around May 15<sup>th</sup>). Front electric gate installation will also be completed in the next few weeks.

The scalehouse electrical and heat are operational and working as planned. Communications with IT regarding the final transition to the new scalehouse have been initiated.

#### Dubois Scalehouse Project

The Dubois scalehouse is complete. The 41-day advertisement period was completed on February 27, 2024 and final payment was provided.

## Memorandum (continued)

April 10, 2024 Page 2

#### Sand Draw Scalehouse Project

The Notice to Proceed was approved at the February board meeting allowing LCI Trucking & Excavation (LCI) to begin construction activities as weather permits. A pre-construction meeting was held March 21, 2024 and LCI began mobilization the week of March 25<sup>th</sup>.

As of April 9, 2024, LCI has completed excavation activities for the scale and building foundations. Underlying sandy soil conditions may require additional over excavation and structural fill placement to prevent scale and building settlement. Burns & McDonnell structural and geotechnical engineers are reviewing the situation and working with LCI on a solution.

The first construction meeting will be held on April 10th and continue on a bi-weekly basis. Agenda items of the meetings will include safety, schedule, submittal/RFI log review, coordination items, and other business that may be affecting the project.

#### Scalehouse Procurement

The scalehouse procurement project was fully complete in November 2023. Burns & McDonnell has provided Alexander with a letter to Panel Built Inc. documenting a window leaking issue and requesting repair of the Lander scalehouse.

#### Capacity Audits

Capacity audit reports were prepared and presented to the Board at the October 2023 Board meeting. Next year's capacity audit surveys are anticipated to be completed in July 2024.

#### Technical Engineering Assistance

Burns & McDonnell completed our monthly progress report, invoice and overall project management related to the administration of the annual services project as part of this task.

#### Capital Improvement Plan Modeling

Burns & McDonnell has initiated model updates. It is anticipated that the results of the updated model will be presented to the Board at the May or June Board meeting.

#### On-call Surveying

No surveying activities were completed since the last Board meeting under this authorization.

Burns & McDonnell appreciates the opportunity to work with the District. If there are any questions regarding this progress report or work that is being completed, please do not hesitate to contact me at 952-222-7249 or maevans@burnsmcd.com at your earliest convenience.

Re: Project Updates for April 15, 2024, Board Meeting

The following information is provided to update the Board of the Fremont County Solid Waste Disposal District (District) regarding the status of various projects that are being managed by Trihydro Corporation (Trihydro), and associated activities associated with the Wyoming Department of Environmental Quality (WDEQ), Solid and Hazardous Waste Division (SHWD), Water Quality Division (WQD), and Air Quality Division (AQD). The information provided is generally limited to activity during the previous month.

# Sand Draw, Shoshoni, Lander, and Dubois Landfills – 2023-2024 Environmental Activities and Monitoring (Task Order 10-035 / Trihydro Project FREMO-023-0001)

Activities associated with this work order during the previous month and anticipated in the near future include:

- The fall monitoring event reports are in peer review.
- Semiannual groundwater and methane monitoring is currently underway. Trihydro staff started the event at the Sand Draw Landfill today, April 8, 2024, and work at all landfills should be complete by the end of the week. Once laboratory data are returned from the lab, we will upload to our database and start data validation.
- Scheduled inspection of monitoring well LA-10 at the Lander Landfill to better understand damage keeping the well from being sampled.

#### Technical Assistance (Task Order 10-036 / Trihydro Project FREMO-023-0007)

Technical assistance activities during the previous month are as follows:

- A monthly Board memo was prepared for the March 2024 District Board meeting.
- A monthly Project Status Report was prepared to accompany the February 2024 invoice.
- Continued efforts to communicate with the Lander BLM office regarding the land acquisition request.
- Continued efforts to communicate with the Lander Army National Guard (ANG) regarding authorization to borrow soils from the ANG lands for the Lander Landfill closure project (future).

FCSWDD April 8, 2024 Page 2

#### Operational Support Services (Task Order 10-038 / Trihydro Project FREMO-024-0001)

Support service activities during the previous month are as follows:

- Document Review and Development: reviewed e-waste disposal fees and provided recommendation on revision, assist with draft operating budget, assistance with monthly operational report, assistance with grant funding, and review of unique waste stream disposal requests.
- Projects: construction meetings for the Lander scale project, Lander transfer station project with AEI change order discussions, and the Sand Draw scale project. Assisted with mechanical repairs associated with the tire shredder rental and return freight, contract hauler discussions coordinating empty tote delivery from Salt Lake City, service quote discussions for the Riverton recycling baler, review of repairs for the Sand Draw D-6, and Lander motor grader.
- Other: supervisor meeting assistance and budgetary review, equipment ownership cost review assistance, communications with the Fireworks Committee, and communications on the Riverton SWPPP.

Please let us know if you have any questions or need additional information. You can call me on my cell phone (307-349-951) or send me an email (afrey@trihydro.com).

**END OF MEMORANDUM** 

#### Fremont County Solid Waste Disposal District

#### **Operational Report**

April 2024

#### Waste Handling/Staff/Board/Inter-Government

#### Waste Handling:

- 1. The calculated tonnages and cost per ton are as follows (calculated using monthly expenses and monthly tonnages):
  - a. 2013 = \$140 per ton & 31,500 total tons
  - b. 2014 = \$176 per ton & 27,600 total tons
  - c. 2015 = \$99 per ton & 31,900 total tons
  - d. 2016 = \$103 per ton & 29,700 total tons
  - e. 2017 = \$102 per ton & 33,500 total tons
  - f. 2018 = \$106 per ton & 36,400 total tons
  - g. 2019 = \$88 per ton & 41,900 total tons
  - h. 2020 = \$89 per ton & 36,200 total tons
  - i. 2021 = \$141 per ton & 35,700 total tons
    - <u>Note</u>: 2021 included approximately \$1.1 million in expenses for the Shoshoni Landfill Closure project and \$457,900 in new equipment (i.e. three backhoes and a semi-tractor). Removing these two large expenditures, the annual review would be presented as \$97.91 per ton & 35,700 total tons.
  - j. 2022 = \$125 per ton & 34,200 total tons
    - Note: 2022 included the final three pay applications for the Shoshoni Landfill Closure project, inflationary price impacts, and a new front-end loader.
  - k. 2023 = \$178 per ton & 53,000 total tons
    - <u>Notes</u>: this calendar year experienced higher-than-normal waste receipts as well as unusually high operational
      expenses. A few examples of the unusual expenses include the purchase of a D-6 dozer, purchase of three scale
      facility buildings, construction projects associated with a new Lander Transfer Station, a new Lander scale
      facility, and a new Dubois scale facility.

#### Staff:

- 1. February 2024: the District is working to fill 2 vacancies (Executive Director and Truck Driver in Riverton).
- April 1, 2024: Following the approval of the Safety Incentive Program in April 2015, and the
