Re: Updates for October 21, 2025, Board Meeting

The following information is provided to update the Board of the Fremont County Solid Waste Disposal District (District) regarding the status of various projects that are being managed by Trihydro Corporation (Trihydro), and associated activities associated with the Wyoming Department of Environmental Quality (WDEQ), Solid and Hazardous Waste Division (SHWD), Water Quality Division (WQD), and Air Quality Division (AQD). The information provided is generally limited to activity during the previous month.

Sand Draw, Shoshoni, Lander, and Dubois Landfills – 2025-2026 Environmental Activities and Monitoring (Task Orders 10-042 / Trihydro Project FREMO-025-0002)

Recent activities conducted under this work order, or those anticipated in the near future, include:

- Field event coordination for the routine methane and groundwater monitoring events.
- Fieldwork for routine methane (4th quarter) at Lander, Sand Draw, and Dubois Landfills, and groundwater events at Lander, Sand Draw, and Shoshoni Landfills took place the week of October 6, 2025.
- Monthly Project Status Report preparation to accompany the September 2025 invoice.

Technical Assistance (Task Orders 10-044 / Trihydro Project FREMO-025-0003)

Recent activities conducted under this work order, or those anticipated in the near future, include:

- A monthly Board memo is being provided for the October 2025 District Board meeting.
- A monthly Project Status Report to accompany the September 2025 invoice.
- Environmental Monitoring Plan (EMPs) modifications for the Shoshoni, Sand Draw, and Lander Landfills are in progress to request reducing the schedule and/or analytical requirements for each groundwater monitoring program.
- WDEQ/SHWD has approved the minor permit modification for the Lander Landfill permit to delay

END OF MEMORANDUM

Memorandum

Date October 15, 2025
To Camille Woody, Fremont County Solid Waste Disposal District
From Matt Evans, PE
Subject Progress Report – October 2025

The following provides an update on work completed by Burns & McDonnell since the last Progress Report.

Capacity Audits

2025 capacity audit surveys and reports are complete. Results of the annual capacity audit reports will be presented to the Board at the October Board meeting. The presentation will include a summary of the airspace utilization, annual volume of landfill space consumed compared to previous years, and the remaining life of Dubois, Lander, and Sand Draw landfills.

Technical Engineering Assistance

Burns & McDonnell completed our monthly progress report, invoice, and overall project management related to the administration of the annual services project as part of this task. Additionally, Burns & McDonnell has been assisting the District on a few warranty items related to the transfer station and scale house construction projects.

Capital Improvement Plan Modeling

Burns & McDonnell has updated the CIP model and is considering differing rate alternatives for when primary landfill operations shift from Lander to Sand Draw. The District has provided equipment and personnel allocations that are being incorporated into the model. Burns & McDonnell will present the findings of the CIP model update and rate alternatives at the October Board meeting in conjunction with Capacity Audit reports presentation.

Burns & McDonnell appreciates the opportunity to work with the District. If there are any questions regarding this progress report or work that is being completed, please do not hesitate to contact me at 952-222-7249 or maevans@burnsmcd.com at your earliest convenience.
