

**Public Service Announcement (PSA)**  
**October 2026**

The Fremont County Solid Waste Disposal District (District) has developed a Community-Minded Illegal Waste Cleanup Program (program) to offer disposal fee relief for incorporated and unincorporated communities, public lands, volunteers, and private property landowners, working to cleanup illegally dumped waste that poses a threat to human health and safety, or a direct community benefit.

Within Fremont County, Wyoming, illegally dumped waste has the potential to impact human health and safety. Oftentimes landowners, land managers, communities, and community members work to address illegal waste dumpsites; however, financial constraints caused by waste disposal fees at landfills and transfer stations limit this effort.

The District developed a program where community-minded groups have the opportunity to submit an application for disposal fee assistance. The program is strictly limited to the disposal fees generated from the selected cleanup project and does not cover labor, equipment, fuel, transportation, site restoration, administrative costs, hazardous waste handling, etc.

For anyone interested in applying, applications can be found on the District's website at [trashmatters.org](http://trashmatters.org), under the "Proposals & Bids" tab, or you can request one by emailing [fcswdd@wyoming.com](mailto:fcswdd@wyoming.com).
